## Dr. Miles' Nervine

A REMEDY FOR THE  
Effects of Tobacco.

THE excessive use of tobacco, especially by young men is always injurious and undoubtedly shortens life materially. Mr. Ed. C. Eboen, compositor on the *Contra Costa News*, Martinez, Cal., writes: "I have used Dr. Miles' Nervine and received much benefit from it. I was troubled with nervousness, dizzy spells and sleeplessness, caused by the use of tobacco and stimulants. I took Dr. Miles' Nervine with marvelous good results, allaying the dizziness, quieting the nerves, and enabling me to sleep and rest, proving in my case a very beneficial remedy." Dr. Miles' Nervine is especially adapted to restoring the nervous system to its normal condition under such circumstances. It soothes, heals and strengthens.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

## PLAGUE QUARANTINE

Against Hong-Kong May Interfere With the Home-Coming of Dewey.

MAXIMUM OF 30,000 MEN

Is the Point at Which General Otis Desires the Government Shall Keep His Army in the Philippines—President McKinley and General Corbin Confer on the Subject.

London, May 31.—The plague is likely to complicate the home-coming of Admiral Dewey. Various governments have already declared severe quarantine regulations against all Egyptian Red sea ports and Hong-Kong, where the fresh cases and the number of deaths have nearly doubled in the past week, the new cases numbering 148 and the deaths 134. Admiralty officials say that warships have no privileges as regards quarantine beyond those of merchant ships, the main point to be considered being whether the ship is infected or there be sickness aboard. By the time Admiral Dewey arrives at the Mediterranean, his ship, the *Olympia*, having been so long out from Hong-Kong, if there are no cases aboard, she will probably be regarded as immune and the inspectors will pass her without delay.

### GENERAL OTIS

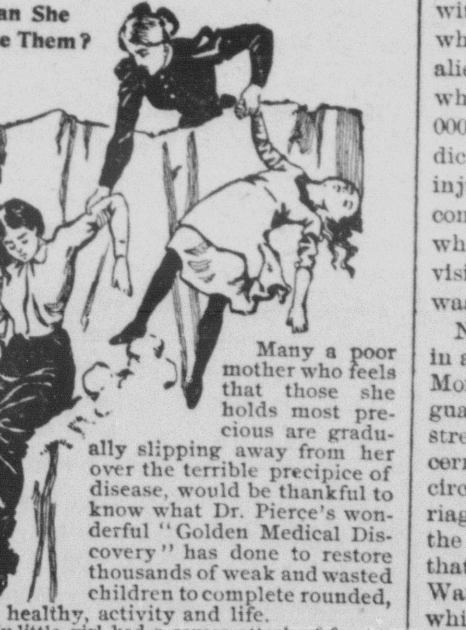

Will Be Satisfied If His Army Is Kept Up to 30,000 Men.

Washington, May 31.—The Post today says: General Otis has informed the war department that he will be satisfied if the army under his command is kept at a maximum of 30,000. The president will give him this number.

The situation in the Philippines was the subject of an extended conference yesterday between the president and Adjutant General Corbin. In view of the more or less alarming reports which have been sent to the United States from Manila, it is important to know that the president does not share in the anxiety which these dispatches have naturally created. General Otis has kept in close touch with the authorities here, and if he was in the tight position which the press reports seem to indicate, it is felt that he would not hesitate about making his dilemma known. On the contrary, the advice received from him show that he is not in need of a largely increased army. He has called that the press reports of the activity of the insurgents south of Manila have been greatly exaggerated, and he thinks that 30,000 men will be ample to meet all requirements.

The present strength of the army in the Philippines including volunteers, who are still in the service is 38,000. When the volunteers return some 24,000 regulars will remain, or 6,000 less than the number estimated as necessary by General Otis. The reinforcements now enroute to Manila or under orders to depart, will bring the total regulars up to the required figure, but as there will be considerable loss through sickness, it is proposed to decrease the companies now stationed in garrisons in this country to their minimum and increase in the Philippines to their maximum. It is believed that this arrangement will give General Otis all the men he requires at present distributed. It can be stated on authority that until General Otis asks for an additional force there will be no enlargement of the army, not even to the extent of recruiting the 36,000 natives provided for in the army reorganization bill which passed the last Congress.

Can She Save Them?

Many a poor mother who feels that those she holds most precious are gradually slipping away from her over the terrible precipice of disease, would be thankful to know what Dr. Pierce's wonderful "Golden Medical Discovery" has done to restore thousands of weak and wasted children to complete rounded, rosy, healthy, active life.

"My little girl had a severe attack of fever," writes Mrs. Wm. S. Vollmer, of Concord, Cal., "and she was very ill. I gave her 'Golden Medical Discovery' and it cured her. I will be pleased to have my picture published, if persons wishing to know more about the great benefits we have received from using Dr. Pierce's medicines will write, enclosing stamp, I will gladly answer."

### Alger Calls For a Report.

Washington, May 31.—Secretary Alger last night cabled General Otis to advise him at once what further reinforcements he may need after the arrival of all the regular troops to be dispatched to the Philippines to replace the volunteers, whose time is out. Secretary Alger has furnished General Otis detailed information as to the plan of assignment of the regulars to his command and his cablegram of inquiry calls for a report without delay on what further is needed in the way of troops after all the regiments now in contemplation for the service are available. Pending General Otis' report final decision on further augmentation of Otis' forces will be deferred.

### Dispatchboat For Brooke.

New York, May 31.—The United States transport *Ingalls* sailed for Nuevitas, Cuba. She has been fitted up as a dispatchboat for Governor General Brooke, and after landing a number of officers and soldiers at Nuevitas, will proceed to Havana to be at Governor General Brooke's disposal.

### OFF THE PARIS

Passengers of the Stranded Vessel Arrive in New York.

New York, May 31.—Among those who arrived yesterday on the North German Lloyd steamer *Kaiser Wilhelm der Grosse* from Southampton were 37 passengers of the American line steamer *Paris*, which ran ashore on the coast of England, May 21. Other passengers on board the *Kaiser* were the Duke de Arco, Spanish ambassador to the United States, and the Duchess de Arco; Miss Julia Dent Grant, Mr. and Mrs. Potter Palmer, W. G. Maxmuller, secretary of the British legation at Washington; Juan Riani, secretary of the Spanish legation at Washington; General George B. Williams, Colonel James N. Whelan, Eighth United States cavalry and Lieutenant C. H. Hazeltine.

### FATHER RADEMACHER.

Fort Wayne's Bishop Said to Be Rapidly Improving in Health.

Fort Wayne, May 31.—Word is received here from Chicago that Bishop Rademacher of this diocese is rapidly regaining his former strength and his physicians, it is said, will soon permit the reverend gentleman to return to his home in this city. He will not assume control of the diocese, however, until he has fully recovered.

### Suit Against Editor Day.

Crown Point, Ind., May 31.—Dr. Allie S. Day has brought suit against her husband, Samuel B. Day, editor of the *Crown Point Register*. The plaintiff owns the Register plant, which has been placed in charge of Editor Veagh, recently of the *Lowell Record*, pending a probable sale to A. A. Bibler. It is understood that Editor Day will make no fight against the divorce proceedings, and that he is preparing to leave the city.

### Nipped by a Tarantula.

Mooresville, Ind., May 31.—John A. Newman, a grocer of this place, was bitten by a tarantula while handling bananas. A physician was called at once, and remedies were applied, and, while Mr. Newman suffered much pain, the bite will not prove fatal.

### Freight Train Wrecked.

Lakeville, Ind., May 31.—Through the dropping of a brakebeam, a Vandala bridge near here was spread apart and 11 wrecked freight cars piled up in the ditch. Trains were sent around by way of Walkerton. No one was hurt.

### CONTEMPT OF COURT

Tobacco Trust Agent in Texas Violates Judge Morgan's Injunction.

Fort Worth, Tex., May 31.—Three days in jail and \$100 fine is the penalty imposed upon J. B. Warfield, state agent of the tobacco trust, by Judge Morgan of Dallas, for contempt of court. Warfield's contempt consists of a violation of an injunction issued by Judge Richard Morgan upon the application of W. R. Morris, prohibiting Warfield from in any manner communicating with or associating with Mrs. Morris, whose husband had accused Warfield of alienating his wife's affections, for which Morris is suing Warfield for \$100,000 damages. Warfield denies the jurisdiction of any court in issuing such an injunction, defending himself upon the constitutional guarantee of free speech, which he claimed permitted him to visit or converse with Mrs. Morris if she was willing he should do so.

No similar case or issue is on record in any state in the union, but Judge Morgan decided that the constitutional guarantee of free speech should not be stretched, so far as his court was concerned, to the breaking up of the home circle, or to the destruction of the marriage relation. Warfield appealed to the state court of criminal appeals, but that court sustained Judge Morgan. Warfield moved for a new hearing, which was denied. He then threatened to appeal to the supreme court of the United States, but he has abandoned further contest. He has been out since last February on a \$2,500 bond.

### Handcar Run Down.

Marietta, O., May 31.—A handcar on the Baltimore and Ohio Southwestern railway was struck by an extra through freight near Coolville yesterday and was thrown high in the air with its four occupants—sectionhands. Two of them, William Bassell and Otis Dodd, were instantly killed. Thomas Flaherty, section foreman, was probably fatally injured. Fog prevented the men from seeing the train in time to escape.

### Government Property Burned.

Toledo, May 31.—The government storehouse at the United States fish hatchery at Put-In-Bay burned yesterday, resulting in a total loss. The hatchery itself was not injured. The cause of the fire is not known.

## THREE NOTED EVENTS

Either of Which Was Sufficient to Electrify the French.

MARCHAND AT TOULON

Hailed as a Hero by Enemies of the Republic—M. Beaupre's Summing Up of the Dreyfus Case Before the Court of Cassations—Attempt to Blacken President Loubet's Name.

Paris, May 31.—Three events took place yesterday, says Mrs. Crawford, a press correspondent, each of which, without the others, would have sufficed to electrify France. All coming together, interest was diffused, and no confusion thus far is apprehended.

One was the leading of Major Marchand at Toulon. The second was the speech of General Herve and the proceedings generally in the Paris court of assizes, where the Deroulede-Habert trial is going on. The third was the conclusion of Judge Ballot de Beaupre's report on the Dreyfus case read by him before the court of cassation.

Major Marchand is hailed as a hero by all the enemies of the republic. He is contrasted by them with the foreign minister, M. Delcasse, whose good sense in the Fashoda matter is stigmatized as cowardice. To pay orations to Marchand is at once to let loose anglophobe feeling, and to belittle the republic. He was educated by religious orders and has been patronized by the Catholic missions in Paris, which are only second in importance to the propaganda in Rome. It may be that, being a man of humble birth and uncultured, he will lose his head and let himself be hoisted into General Boulanger's saddle.

Marchand is a silent man. He never asks advice, but after mature thought he acts on the notion he has been reflecting upon. He must think himself fortunate though to be ranked so high in the army and the Legion of Honor and to be the recipient of the exploration prize of the academy, 15,000 francs, to say nothing of the swords of honor, the gold medals and the ovals. He is expected here today. The call made by M. Drumont to partisans to hang out flags in honor of Marchand has not yet been widely responded to, but the flags are perhaps reserved until the hero arrives.

It is expected that Marchand will marry an heiress, leave the marines for the line, and be entrusted with the grand command in the French Sudan, with a mission to watch Lord Kitchener. The Egyptian question being still open, the Sudan would afford a fine field for his energies.

M. Ballot de Beaupre's summing up before the court of cassation in favor of Dreyfus has not disturbed the town. It was a foregone conclusion; but, as the judgment is to be revised and not quashed, there will be a new trial before a court martial, with every probability of a fair trial, and it is hard to doubt that the result will be acquittal, there being no proof against Dreyfus.

M. Drumont last evening expressed himself as delighted with the outcome, "in as much as the whole affair shows that Jews, all the world over, will act as one man whenever Jewish interests conflict with Christian."

If he looks upon Henry and Esterhazy as Christians, I fear I must go over to the Jews. Beside, there is not a single eminent Dreyfusite who is a Jew. Still the ignorant masses will not see that this hatred, bred by the Dreyfus affair, is not likely to die.

The main feature of the Deroulede trial is the attempt being made to use it to blacken President Loubet as a "Panamaist." Nothing could be more disingenuous. M. Loubet was never implicated in Panama affairs. He, with the cognizance of President Carnot and with his approval, tried to prevent the exposure of 124 Republican deputies in 1882 as "Panamaists." He was minister of the interior and able to prevent it.

On the day following the suicide of Baron Reinach, the police were about to search his papers, which contained proofs of parliamentary corruption. Loubet, and Carnot as well, feared that the republic would founder if 124 deputies were prosecuted. The minister interfered and the search was not made. That was all.

But yesterday M. Quesnay de Beaurepaire, who was attorney general in 1893, spoke in court of the president in most disparaging terms.

His drift was to impress the jury with the idea that Deroulede was justified in calling upon General Roget to march on the Elysee on the day of M. Faure's funeral, because Loubet had been selected president.

### HEADEND COLLISION

Nine Persons Injured on the Louisville and Nashville.

Nashville, Tenn., May 31.—Nine people were injured, two of them seriously, in a headend collision of local passenger trains on the Louisville and Nashville road 23 miles south of here last evening. Both engines and the baggage cars were smashed while Engineers Burns and Shurgart received internal injuries. Seven passengers were slightly hurt, as follows:

W. H. Ploekens, Chicago; J. E. Howard, Thompson Station, Tenn.; W. J. Sowell, Columbia, Tenn.; J. W. Lawrence, Burwood, Tenn.; J. M. Bower, Macon; Henry Coles and daughter, Nashville. The trains came together on the main track half way between West Harpeth and Thompson Station, but who is at fault has not been determined.

### PETTY OFFICERS

Sitting In the Harbor at Manila Captured or Killed.

Manila, May 31.—Two petty officers of the United States hospital ship *Relief* went sailing in the harbor yesterday. Their boat was afterward found in the possession of natives near their parabolic lines by the monitor *Monadnock*. The men are supposed to have been killed or captured.

The cruiser *Boston* will soon sail for the United States with Captain Barker, temporarily in command of the Asiatic squadron, and the departure of that officer will leave Captain George F. Wilde, now in command of the *Boston*, in supreme control until the arrival of Rear Admiral Watson.

Captain Wren has organized a company of 100 Macabebes as scouts. They wear United States army shirts and trousers and are under Wren's personal command.

### COLLISION

On a Chicago Elevated Road—No One Seriously Injured.

Chicago, May 31.—A collision occurred between two trains of the Lake street elevated railroad at Oakley avenue yesterday afternoon. Two cars were badly smashed and several passengers were bruised and cut by flying glass, but none seriously hurt. The collision was caused by the brakes on a special race train going to Harlem refusing to work. The special was closely following a regular train and when the latter stopped at the Oakley avenue station the motorman on the special was powerless to control his train. The cars slid along the tracks and struck the rear car of the forward train with great force. The injured passengers were all in the first train.

### CUBAN SOLDIERS

Who Accept Pay From United States Denounced as Cowards.

Havana, May 31.—El Reconcentrado attacks the Cuban soldiers of the Occident, or western provinces, for accepting money from the United States. It says: "Their attitude is infamous. We do not desire a classification in the same category. We prefer to declare ourselves of the Orientals—men who are men, and not cowards."

The preliminary census taken under the direction of Senor Domingo Mendez Capote, secretary of the government, shows a population of 1,817,082. The municipal indebtedness of the island is \$17,701,574. During the war with Spain 274 towns were destroyed.

### QUARANTINED

Texas Board of Health Sends Notices to Railroads.

Houston, May 31.—State Health Officer Blunt, on hearing of the case of yellow fever in New Orleans, placed quarantine guards and inspectors at all points of entrance to Texas by telegraph orders and has sent the following telegram to every railroad entering Texas from New Orleans:

"Do not sell tickets over your line from New Orleans to any Texas point. Do not bring any passengers or things from New Orleans either by express or freight into Texas until further orders." This will tie up the Southern Pacific hard and fast as it has been for the past three summers.

### Was a False Report.

Paris, May 31.—The agents of Ignace Jan Paderewski, the celebrated Russian pianist, declare that there is no truth in the report sent to the United States that M. Paderewski has married the former wife of Ladis Gorski, the violinist. The lady, it is added, is Paderewski's sister.

### LAFAYETTE'S TOMB

Decorated by Americans—Benjamin Harrison's Address.

Paris, May 31.—A large throng gathered yesterday afternoon in the cemetery of Picpus to assist in the annual decoration by the Americans of the tomb of Lafayette. The interest of the occasion was enhanced by the knowledge that ex-President Benjamin Harrison would speak.

General Porter, the United States ambassador, opened the ceremony with a brief address, and Mr. Harrison followed with an oration that was frequently applauded. He spoke of the deep respect shown to Decoration day in the United States and the reverent care taken of the graves of American soldiers.

"The nation that cherishes the graves of its soldiers and assembles to honor them," he said, "is the nation that preserves or enlarges national life. The monuments to our dead show no trailing ranks of sad and weary captives following their conquerors, but display broken manacles from the hands and feet of emancipated blacks. The result of that emancipation was seen at Santiago, where the black troops and the Texas troops vied with each other to be the first to leap upon the enemy's breastworks."

Mr. Harrison then referred to the "Gallant and glorious son of Vermont now returning homeward after achievements that will keep his name ever illustrious in the annals of all nations." "Here in the capital of our great sister republic," he continued, "where no soldier of American birth finds a resting place, we see the sentiment of gratitude and veneration finding suitable expression around the tomb of Lafayette, the crusader of liberty, who came to our aid in a time of stress, where his name is perhaps more closely than any other connected with the name of Washington. Let the president of France and all Frenchmen be assured of the sentiment of amity and gratitude felt by all Americans. All things that minister to stable government, national wealth and social content in France will give us gratification."

Comite de Chambrun followed with a brief address of thanks on behalf of the Lafayette family.

### TUBERCULOSIS

Milk From Consumptive Cows Peddled in Chicago.

Chicago, May 31.—As a result of tests made at the stockyards by the livestock commissioners and health officials it has been discovered that all of 25 cows examined were suffering from tuberculosis. While there was no outward sign of the disease, yet every cow was in an advanced stage of consumption. From the lungs of one subject a pint of germs was taken and another had tuberculosis of the liver. The milk from all these cows was sold in the Chicago market a week ago.

### Inaugurated Governor.

Newport, R. I., May 31.—Elisha Dyer was inaugurated governor of Rhode Island for the third time yesterday. The day was observed as Newport's annual holiday, and in addition to the naval exercises there was a big celebration in honor of the presence of Rear Admiral Sampson and the ships of the North Atlantic squadron. The legislature reassembled and Governor Dyer was formally inducted into office. Rear Admiral Sampson rode in the carriage with Governor Dyer. The line of march was a long one, and the parade was a continuous ovation from the start until the governor's headquarters was reached.

### Schley at Cheyenne.

Cheyenne, Wyo., May 31.—Cheyenne turned out in gay attire to greet Admiral Schley, who arrived over the Union Pacific from Ogden yesterday afternoon. A long procession of carriages and people on foot escorted the distinguished visitors to the city park amid the booming of cannon and patriotic airs of the brass bands. An informal reception was held at the park, Admiral Schley responding by a brief speech to the cheers of the multitude.

The only change made in the corps of teachers over last year is the employment of J. E. Graham as principal of the high school to succeed Mr. Sanders, who retires to re-enter the university. Mr. Graham has been located at Butlerville and is an experienced and successful teacher.

#### Seymour in It.

Seymour is to be entertained with the latest fad. An old fiddlers' contest will take place at the opera house Tuesday June 13 under the management of F. X. Johnson, the well known theatrical manager.

The Bedford Mail says of the contest given there:

"The old fiddlers' contest at the opera house last night was the best entertainment ever given in the city. There were fiddlers from all parts of Lawrence and adjoining counties in the contest, the capital prize being carried off by Mr. Hamlers, an old gentleman 85 years old from Kurtz.

Other prizes were taken by contestants from Monroe, Martin and Green counties. There were fifty old fiddlers on the stage and all worked with a vengeance to secure one of the prizes.

Harry F. Masters, of Peru, brother of W. P. Masters, of this city and Miss Blanche Lockridge, of Roann, will be married June 8.

Dr. Miller's Restorative Nerve brings rest.

Observed Appropriately in this City.

Memorial day was appropriately observed in Seymour, and the people generally took an interest in the exercises. The arrangements so well made by old soldiers were carried out almost to the letter.

At 1:30 in the afternoon about seventy-five veterans formed in line at the corner of Ewing and Second streets and under command of J. B. Murphy, officer of the day and led by the martial band marched west on Second street and south on Chestnut, then back over same line and on to City Park. A number of the young men who served in the Spanish-American war and a large number of Sunday school children marched with the old soldiers.

At the park J. H. Boake, Post Commander, was master of ceremonies.

After music by the quartette and prayer by Rev. J. W. Cleveland, Rev. J. H. Ford, D. D., of New Albany, the orator of the day was introduced. Dr. Ford is a speaker of more than ordinary ability and power and greatly pleased his audience. He is a patriot who understands the history of our country from its beginning, a soldier who served the Union during the Civil war, a citizen who loves the flag and believes in the future greatness and possibilities of his country. The following poem of which Dr. Ford is the author pleased both the old and young soldiers:

Comrades, have you heard an echo from the days of sixty-one?  
'Tis the grand reverberation of the ten-pound Parrot gun.  
That you trained upon the Johnnies when they fired on our flag.  
And tried to build a nation represented by a rag.

Give the young men all the glory of the victory over Spain.  
Crown their valor with the thunders that avenged the sunken Maine.  
Give them "tigers" for a welcome and a "bounty" for a cheer;  
Let them know that you appreciate a victory so dear.

Old Comrades, we're not jealous of the laurels they have won.  
It's a supplemental valor to the days of sixty-one.  
We'll grasp the laddies by the hand as comrades deal and true  
As ever won a shoulder-strap or wore the loyal blue.

But we're the gray-haired "laddie boys" that gave the Johnnies pain  
When they tried to "do" our nation like the Spaniards did the Maine.  
Yes, their fathers lit the fuses that blew up the magazines,  
Which knocked "Confederation" into crazy smithereens.

We're the ones who saved the banner that is floating on the breeze,  
And shaking out Old Glory over all the lands and seas.  
The Union Jack, the Stripes and Stars, the twins of victory,  
Are waving from the Flag-ship of the Universe to-day.

Well, Comrade, times have changed somewhat, and now they say that Lee, And Wheeler, too, are Yankees just as "We-un" used to be.  
Well, don't go crazy over that, and don't "You All" forget,  
That they are men of honor—paying interest on their debt.

I honor Joe, I honor Lee, I honor Schafter, too,  
I honor every epaulette that decorates the blue.  
God bless the living heroes and God bless the men who died;  
The men who've knocked the wind all out of Old Castilian pride.

Down in that great explosion which sank the sunken Maine  
Was a "governmental" mule that kicked the "valer" out of Spain.  
Well, she got kicked because her "Honor" was a monumental fool.  
For smelling round the splashes of your Uncle Samuel's mule.

Now don't you hear the echoes, Boys, of the days of sixty-one?  
And don't you see the grandeur which your valiant deeds have won?  
A nation that is great enough to grapple with the world,  
And make it feel that God is King with banners all unfurled.

Then "Blow the Grand Old Bugle, Boys," and add the new refrain:  
The first word is "Remember"—the final word is Spain.  
Well, say just what you please old boys and call it what you may,  
For the valor of two armies nerve our heroes hearts today.

El Morro's guns are silent now—Havana bows her head;  
Triumphant hosts march through her streets with military tread;  
"Confeds" and "Yanks" in serried ranks—and heroes from the sea;  
And at their head with flashing blade rides gallant Fitz Hugh Lee.

At the conclusion of Dr. Ford's address, Rev. J. M. Baxter read President Lincoln's famous Gettysburg speech.

At the conclusion of the program the column reformed and marched to the cemeteries where the graves of deceased comrades were strewn with flowers, one of the most beautiful features of Memorial Day.

W. T. Brannaman evidently has read up and knows that the squirrel hunting season begins tomorrow, for he took his gun and went to Owen township today.

## SOUTH DRIFTWOOD.

Wyatt Rucker is on the sick list. Corn planting is the order of the day. The river is now fordable at Cavi-naugh's.

Watermelon plants as a rule are not doing well.

Ra. dolph Elliott and Floyd Thompson are still quite ill.

Attendance at Driftwood Sunday school 69; collection 26c.

Children's day exercises have been postponed for short time after the regular day.

Henry Zollman, Sr., has a well on his farm 64 feet deep. It is cased and will be finished the first of the week.

Rev. Brock filled his regular appointment here Saturday night and Sunday afternoon, the morning being taken up by the memorial sermon which was preached at Vallonia Sunday at 11 a. m. by Rev. Brock.

The Knights of Pythias will hold their decoration service at the Driftwood church the second Saturday in June at 1 p. m. Their work is impressive and cannot fail to benefit any who come and try to follow it closely. Rev. Jones of Seymour, will give the address.

The following items taken from the Register of Neodesha, Kan., of May 26 will be of interest to many people in Driftwood and Brownstown townships: "E. H. Hays, of LaFontaine, was in Neodesha Sunday. He was on his way home from Brownstown, Indiana, whither he had been called the week before by the death of his son, Walter, which occurred Sunday May 14 of spinal meningitis. Walter went back last fall to this, his old home, and was taken and carried away with the dreadful disease.

"The barn on the property recently purchased by Amos Cryderman and used by him was burned with its contents Monday.

It was under such headway when discovered that by the time our excellent volunteer firemen reached the scene the barn was virtually destroyed. The contents consisted of three saddles, three sets of harness, two horses, about sixty bushels of corn and one and one-half tons of hay, valued at \$500. The insurance on building was \$200. This loss is quite serious to Mr. Cryderman. With true Kansas grit he faces his loss manfully and is pushing his business with renewed vigor.

Mr. Cryderman is a son of Valentine Cryderman formerly of Vallonia. He moved to Kansas many years ago and entered a farm near the present town of LaFontaine. He and his wife now live with their son Amos who is engaged in the butcher business at Neodesha.

#### Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by C. W. Milhaus.

David J. McKain and Isaiah Spurgeon sold their farm to C. H. Lucas Monday. Consideration \$850.

The thief that stole G. W. Hays' horse also stole a new buggy and harness from J. W. Brown's stable.

Charles Perkins, of Trinidad, Col., was called last week to see his father who is very low with Bright's disease.

Joe Lutes, of Houston, was here one day last week. His horse became frightened and threw him out of his buggy jolting him up considerably but not seriously injuring him.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to "upply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises, and burns, for which, for which it is unequalled. For sale by C. W. Milhaus.

Decoration Exercises at Brownstown.

This afternoon at 1 o'clock the decoration exercises begun by the assembly of the G. A. R., K. of C. and I. O. O. F. in the Court House yard. Capt. D. B. Vance was marshal of the day and with the assistance of the captains of the different orders formed the following line: The 6th Regiment Band followed by Company "Q" composed of about thirty of the boys, aged from eleven to sixteen, the G. A. R. Post, the I. O. O. F. and the K. of P., and marched to the new cemetery where the Grand Army gave their exercises followed by the I. O. O. F. Lodge in their exercises, after which the K. of P. decorated the graves of their departed brothers. This was the first time in which all the orders of the town ever joined in the decoration exercises and a very large number were present and enjoyed the occasion, although a very sad one, very much. After the exercises at the graves were over the three orders formed a triangle and comrade Joel H. Matlock of Indianapolis, stepped to the center and made a very fine speech. The march was again taken up and marched to the Court yard where they were disbanded. Brownstown, May 30. \*\*

# WINE OF CARDUI

## THE LINK THAT BINDS.

JACKSON, TENN., Nov. 23.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

### Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The gratifying and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

Drink Grain-O.

After you have concluded that you ought not to drink coffee it is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/4 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

It has been many years since we visited the place of our nativity and many faces and "scenes of childhood" had almost faded from our memory, but the grand old REPUBLICAN has been passing them all before our minds' eye in one grand weekly panorama, and instead of being the deserted place that we have begun to think it, it is revived and we, in exquisite degree realize that it is the same as of old, that the old familiar places "seemingly forgot" and many of the same old friends of "auld lang syne" but alas! other boys and girls. There is not an ex-Saltcreeker in "Egypt" who loves home—and the all do—than can do without the REPUBLICAN. Long may it prosper!

## PLAGUE QUARANTINE Against Hong-Kong May In- terfere With the Home- Coming of Dewey.

### MAXIMUM OF 30,000 MEN

Is the Point at Which General Otis Desires the Government Shall Keep His Army in the Philippines—President McKinley and General Corbin Confer on the Subject.

London, May 31.—The plague is likely to complicate the home-coming of Admiral Dewey. Various governments have already declared severe quarantine regulations against all Egyptian Red sea ports and Hong-Kong, where the fresh cases and the number of deaths have nearly doubled in the past week, the new cases numbering 148 and the deaths 134. Admiralty officials say that warships have no privileges as regards quarantine beyond those of merchant ships, the main point to be considered being whether the ship is infected or there be sickness aboard. By the time Admiral Dewey arrives at the Mediterranean, his ship, the Olympia, having been so long out from Hong-Kong, if there are no cases aboard, she will probably be regarded as immune and the inspectors will pass her without delay.

### GENERAL OTIS

Will Be Satisfied If His Army Is Kept Up to 30,000 Men.

Washington, May 31.—The Post today says: General Otis has informed the war department that he will be satisfied if the army under his command is kept at a maximum of 30,000. The president will give him this number.

The situation in the Philippines was the subject of an extended conference yesterday between the president and Adjutant General Corbin. In view of the more or less alarming reports which have been sent to the United States from Manila, it is important to know that the president does not share in the anxiety which these dispatches have naturally created. General Otis has kept in close touch with the authorities here, and if he was in the tight position which the press reports seem to indicate, it is felt that he would not hesitate about making his dilemma known. On the contrary, the advice received from him show that he is not in need of a largely increased army. He has cabled that the press reports of the activity of the insurgents south of Manila have been greatly exaggerated, and he thinks that 80,000 men will be ample to meet all requirements.

The present strength of the army in the Philippines including volunteers, who are still in the service is 36,000. When the volunteers return some 24,000 regulars will remain, or 6,000 less than the number estimated as necessary by General Otis. The reinforcements now enroute to Manila or under orders to depart, will bring the total regulars up to the required figure, but as there will be considerable loss through sickness, it is proposed to decrease the companies now stationed in garrisons in this country to their minimum and increase in the Philippines to their maximum. It is believed that this arrangement will give General Otis all the men he requires without disarranging the army as it is at present distributed. It can be stated on authority that until General Otis asks for an additional force there will be no enlargement of the army, not even to the extent of recruiting the 30,000 natives provided for in the army reorganization bill which passed the last Congress.

### Can She Save Them?

Many a poor mother who feels that those she holds most precious are gradually slipping away from her over the terrible precipice of disease, would be thankful to know what Dr. Pierce's wonderful "Golden Medical Discovery" has done to restore thousands of weak and wasted children to complete rounded, rosy, healthy, activity and life.

"My little girl had a severe attack of fever," writes Mrs. Wm. S. Volmer, of Concord, Cal., "and I was in a great deal of trouble. I gave her 'Golden Medical Discovery' and it cured her cough. I will be pleased to have my letter published. If persons wishing to know more about the great benefits we have received from using Dr. Pierce's medicines will write, enclosing stamp, I will gladly answer."

If mothers will only write to Dr. Pierce concerning the ailments of their family he will send them sound and valuable advice in a plain sealed envelope, and without any charge whatever. His remarkably wide experience has qualified him to deal with diseases which baffle the local practitioner.

### Alger Calls For a Report.

Washington, May 31.—Secretary Alger last night cabled General Otis to advise him at once what further reinforcements he may need after the arrival of all the regular troops to be dispatched to the Philippines to replace the volunteers, whose time is out. Secretary Alger has furnished General Otis detailed information as to the plan of assignment of the regulars to his command and his cablegram of inquiry calls for a report without delay on what further is needed in the way of troops after all the regiments now in contemplation for the service are available. Pending General Otis' report final decision on further augmentation of Otis' forces will be deferred.

### CONTEMPT OF COURT

Tobacco Trust Agent in Texas Violates Judge Morgan's Injunction.

Fort Worth, Tex., May 31.—Three days in jail and \$100 fine is the penalty imposed upon J. B. Warfield, state agent of the tobacco trust, by Judge Morgan of Dallas, for contempt of court. Warfield's contempt consists of a violation of an injunction issued by Judge Richard Morgan upon the application of W. R. Morris, prohibiting Warfield from in any manner communicating with or associating with Mrs. Morris, whose husband had accused Warfield of alienating his wife's affections, for which Morris is suing Warfield for \$100,000 damages. Warfield denies the jurisdiction of any court in issuing such an injunction, defending himself upon the constitutional guarantee of free speech, which he claimed permitted him to visit or converse with Mrs. Morris if she was willing he should do so.

No similar case or issue is on record in any state in the union, but Judge Morgan decided that the constitutional guarantee of free speech should not be stretched, so far as his court was concerned, to the breaking up of the home circle, or to the destruction of the marriage relation. Warfield appealed to the state court of criminal appeals, but that court sustained Judge Morgan, which was denied. He then threatened to appeal to the supreme court of the United States, but he has abandoned further contest. He has been out since last February on a \$2,500 bond.

### Headend Collision

Nine Persons Injured on the Louisville and Nashville.

Nashville, Tenn., May 31.—Nine people were injured, two of them seriously, in a headend collision of local passenger trains on the Louisville and Nashville road 25 miles south of here last evening. Both engines and the baggagewares were smashed while Engineers Burns and Shurgart received internal injuries. Seven passengers were slightly hurt, as follows: W. H. Pickens, Chicago; J. E. Howard, Thompson Station, Tenn.; W. J. Sowell, Columbia, Tenn.; J. W. Lawrence, Burwood, Tenn.; J. M. Bower, Macon; Henry Coles, and daughter, Nashville. The trains came together on the main track half way between West Harpeth and Thompson Station, but who is at fault has not been determined.

## THREE NOTED EVENTS

Either of Which Was Sufficient to Electrify the French.

### MARCHAND AT TOULON

Hailed as a Hero by Enemies of the Republic—M. Beaupre's Summing Up of the Dreyfus Case Before the Court of Cassations—Attempt to Blacken President Loubet's Name.

Paris, May 31.—Three events took place yesterday, says Mrs. Crawford, a press correspondent, each of which, without the others, would have sufficed to electrify France. All coming together, interest was diffused, and no confusion thus far is apprehended. One was the heading of Major Marchand at Toulon. The second was the speech of General Herve and the proceedings generally in the Paris court of assizes, where the Deroulede-Habert trial is going on. The third was the conclusion of Judge Ballot De Beaupre's report on the Dreyfus case read by him before the court of cassation.

Major Marchand is hailed as a hero by all the enemies of the republic. He is contrasted by them with the foreign minister, M. Delcasse, whose good sense in the Fashoda matter is stigmatized as cowardice. To pay orations to Marchand is at once to let loose anglophobe feeling, and to belittle the republic. He was educated by religious orders and has been patronized by the Catholic missions in Paris, which are only second in importance to the propaganda in Rome. It may be that, being a man of humble birth and uneducated, he will lose his head and let himself be hoisted into General Boulanger's saddle.

Marchand is a silent man. He never asks advice, but after mature thought he acts on the notion he has been reflecting upon. He must think himself fortunate though to be ranked so high in the army and the Legion of Honor and to be the recipient of the exploration prize of the academy, 15,000 francs, to say nothing of the sword of honor, the gold medals and the ovations. He is expected here today. The call made by M. Drumont to partisans to hang out flags in honor of Marchand has not yet been widely responded to, but the flags are perhaps reserved until the hero arrives.

It is expected that Marchand will marry an heiress, leave the marines for the line, and be entrusted with the grand command in the French Sudan, with a mission to watch Lord Kitchener. The Egyptian question being still open, the Sudan would afford a fine field for his energies. M. Ballot de Beaupre's summing up before the court of cassation in favor of Dreyfus has not disturbed the town. It was a foregone conclusion; but, as the judgment is to be revised and not quashed, there will be a new trial before a court martial, with every probability of a fair trial, and it is hard to doubt that the result will be acquittal, there being no proof against Dreyfus.

M. Drumont last evening expressed himself as delighted with the outcome, "in as much as the whole affair shows that Jews, all the world over, will act as one man whenever Jewish interests conflict with Christian."

If he looks upon Henry and Esterhazy as Christians, I fear I must go over to the Jews. Beside, there is not a single eminent Dreyfusite who is a Jew. Still the ignorant masses will not see that this hatred, bred by the Dreyfus affair, is not likely to die.

The main feature of the Deroulede trial is the attempt being made to use to blacken President Loubet as a "Panamaist." Nothing could be more disingenuous. M. Loubet was never implicated in Panama affairs. He, with the coquigniz of President Carnot and with his approval, tried to prevent the exposure of 124 Republican deputies in 1882 as "Panamaists." He was minister of the interior and able to prevent it. On the day following the suicide of Baron Reinach, the police were about to search his papers, which contained proofs of parliamentary corruption. Loubet, and Carnot as well, feared that the republic would founder if 124 deputies were prosecuted. The minister interfered and the search was not made. That was all.

But yesterday M. Quesnay de Beaupre, who was attorney general in 1893, spoke in court of the president in most disparaging terms. His drift was to impress the jury with the idea that Deroulede was justified in calling upon General Rogot to march on the Elysee on the day of M. Faure's funeral, because Loubet had been selected president.

### PETTY OFFICERS

Sailing in the Harbor at Manila Captured or Killed.

Manila, May 31.—Two petty officers of the United States hospital ship Relief went sailing in the harbor yesterday. Their boat was afterward found in the possession of natives near their parang lines by the monitor Monadnock. The men are supposed to have been killed or captured.

The cruiser Boston will soon sail for the United States with Captain Barker, temporarily in command of the Asiatic squadron, and the departure of that officer will leave Captain George F. Wilde, now in command of the Boston, in supreme control until the arrival of Rear Admiral Watson.

Captain Wren has organized a company of 100 Macabebes as scouts. They wear United States army shirts and trousers and are under Wren's personal command.

### COLLISION

On a Chicago Elevated Road—No One Seriously Injured.

Chicago, May 31.—A collision occurred between two trains of the Lake street elevated railroad at Oakley avenue yesterday afternoon. Two cars were badly smashed and several passengers were bruised and cut by flying glass, but none seriously hurt. The collision was caused by the brakes on a special race train going to Harlem refusing to work. The special was closely following a regular train and when the latter stopped at the Oakley avenue station the motorman on the special was powerless to control his train. The cars slid along the tracks and struck the rear car of the forward train with great force. The injured passengers were all in the first train.

### CUBAN SOLDIERS

Who Accept Pay From United States Denounced as Cowards.

Havana, May 31.—El Reconcentrado attacks the Cuban soldiers of the Occident, or western provinces, for accepting money from the United States. It says: "Their attitude is infamous. We do not desire a classification in the same category. We prefer to declare ourselves of the Orientals—men who are men, and not cowards." The preliminary census taken under the direction of Senator Domingo Mendez Capote, secretary of the government, shows a population of 1,317,082. The municipal indebtedness of the island is \$17,701,574. During the war with Spain 274 towns were destroyed.

### QUARANTINED

Texas Board of Health Sends Notices to Railroads.

Houston, May 31.—State Health Officer Blunt, on hearing of the case of yellow fever in New Orleans, placed quarantine guards and inspectors at all points of entrance to Texas by telegraph orders and has sent the following telegram to every railroad entering Texas from New Orleans: "Do not sell tickets over your line from New Orleans to any Texas point. Do not bring any passengers or things from New Orleans either by express or freight into Texas until further orders." This will tie up the Southern Pacific hard and fast as it has been for the past three summers.

### Was a False Report.

Paris, May 31.—The agents of Ignace Jan Paderewski, the celebrated Russian pianist, declare that there is no truth in the report sent to the United States that M. Paderewski has married the former wife of Ladis Gorski, the violinist. The lady, it is added, is Paderewski's sister.

### LAFAYETTE'S TOMB

Decorated by Americans—Benjamin Harrison's Address.

Paris, May 31.—A large throng gathered yesterday afternoon in the cemetery of Picpus to assist in the annual decoration by the Americans of the tomb of Lafayette. The interest of the occasion was enhanced by the knowledge that ex-President Benjamin Harrison would speak.

General Porter, the United States ambassador, opened the ceremony with a brief address, and Mr. Harrison followed with an oration that was frequently applauded. He spoke of the deep respect shown to Decoration day in the United States and the reverent care taken of the graves of American soldiers.

"The nation that cherishes the graves of its soldiers and assembles to honor them," he said, "is the nation that preserves or enlarges national life. The monuments to our dead show no trailing ranks of sad and weary captives following their conquerors, but display broken manacles from the hands and feet of emancipated blacks. The result of that emancipation was seen at Santiago, where the black troops and the Texas troops vied with each other to be the first to leap upon the enemy's breastworks."

Mr. Harrison then referred to the "Gallant and glorious son of Vermont now returning homeward after achievements that will keep his name ever illustrious in the annals of all nations."

"Here in the capital of our great sister republic," he continued, "where no soldier of American birth finds a resting place, we see the sentiment of gratitude and veneration finding suitable expression around the tomb of Lafayette, the crusader of liberty, who came to our aid in a time of stress, where his name is perhaps more closely than any other connected with the name of Washington. Let the president of France and all Frenchmen be assured of the sentiment of amity and gratitude felt by all Americans. All things that minister to stable government, national wealth and social content in France will give us gratification."

Comite de Chambrun followed with a brief address of thanks on behalf of the Lafayette family.

### TUBERCULOSIS

Milk From Consumptive Cows Peddled in Chicago.

Chicago, May 31.—As a result of tests made at the stockyards by the livestock commissioners and health officials it has been discovered that all of 25 cows examined were suffering from tuberculosis. While there was no outward sign of the disease, yet every cow was in an advanced stage of consumption. From the lungs of one subject a pint of germs was taken and another had tuberculosis of the liver. The milk from all these cows was sold in the Chicago market a week ago.

### Inaugurated Governor.

Newport, R. I., May 31.—Elisha Dyer was inaugurated governor of Rhode Island for the third time yesterday. The day was observed as Newport's annual holiday, and in addition to the naval exercises there was a big celebration in honor of the presence of Rear Admiral Sampson and the ships of the North Atlantic squadron. The legislature reassembled and Governor Dyer was formally inducted into office. Rear Admiral Sampson rode in the carriage with Governor Dyer. The line of march was a long one, and the parade was a continuous ovation from the start until the governor's headquarters was reached.

### Schley at Cheyenne.

Cheyenne, Wyo., May 31.—Cheyenne turned out in gay attire to greet Admiral Schley, who arrived over the Union Pacific from Ogden yesterday afternoon. A long procession of carriages and people on foot escorted the distinguished visitors to the city park amid the booming of cannon and patriotic airs of the brass bands. An informal reception was held at the park, Admiral Schley responding by a brief speech to the cheers of the multitude.

### ALBERT STEIN'S

Terrible Injuries In a Dynamite Explosion—Totally Blind.

Richmond, Ind., May 31.—Albert Stein was badly injured in a dynamite explosion on his farm, three miles south, some weeks ago. A portion of his face was torn away and one eye destroyed. Despite his fearful injuries, however, he recovered. Within the past week a peculiar affliction developed in the eye that it was believed had not been injured. The organ began to bulge from its socket, giving evidence that there is some great pressure behind. In less than three days the sight of this eye was lost. Stein has been taken to Cincinnati and placed under the care of a specialist.

### Closed the Church.

St. Louis, May 31.—Because of the determined opposition of the parishoners of St. Patrick's Roman Catholic church in East St. Louis to the appointment of Vicar General Cline as their rector, Bishop Janssen closed the church today. Bishop Janssen says that until the members of St. Patrick's congregation submit and inform him they are ready to obey his commands the church will remain closed. The acting rector there has been ordered to duty elsewhere.

Seymour in It.

Seymour is to be entertained with the latest fad. An old fiddlers' contest will take place at the opera house Tuesday June 13 under the management of F. X. Johnson, the well known theatrical manager.

The Bedford Mail says of the contest given there:

"The old fiddlers' contest at the opera house last night was the best entertainment ever given in the city. There were fiddlers from all parts of Lawrence and adjoining counties in the contest, the capital prize being carried off by Mr. Hamlers, an old gentleman 85 years old from Kurtz.

Other prizes were taken by contestants from Monroe, Martin and Gibson counties. There were fifty old fiddlers on the stage and all worked with a vengeance to secure one of the prizes.

# MEMORIAL DAY.

Observed Appropriately in this City.

Memorial day was appropriately observed in Seymour, and the people generally took an interest in the exercises. The arrangements so well made by old soldiers were carried out almost to the letter.

At 1:30 in the afternoon about seventy-five veterans formed in line at the corner of Ewing and Second streets and under command of J. B. Murphy, officer of the day and led by the martial band marched west on Second street and south on Chestnut, then back over same line and on to City Park. A number of the young men who served in the Spanish-American war and a large number of Sunday school children marched with the old soldiers.

At the park J. H. Boake, Post Commander, was master of ceremonies. After music by the quartette and prayer by Rev. J. W. Clevenger, Rev. J. H. Ford, D. D., of New Albany, the orator of the day was introduced. Dr. Ford is a speaker of more than ordinary ability and power and greatly pleased his audience. He is a patriot who understands the history of our country from its beginning, a soldier, who served the Union during the Civil war, a citizen who loves the flag and believes in the future greatness and possibilities of his country. The following poem of which Dr. Ford is the author pleased both the old and young soldiers:

Comrades, have you heard an echo from the days of Sixty-one?  
'Tis the grand reverberation of the ten-pound Parrot gun  
That you trained upon the Johnnies when they tried on our flag.  
And tried to build a nation represented by a rag.

Give the young men all the glory of the victory over Spain.  
Crown their valor with the thunders that avenged the sunken Maine.  
Give them "tigers" for a welcome and a "honey" for a cheer;  
Let them know that you appreciate a victory so dear.

Old comrades, we're not jealous of the laurels they have won,  
It's a supplemental valor to the days of Sixty-one.  
We'll grasp the laddies by the hand as comrades loyal and true  
As ever won a shoulder-strap or wore the loyal blue.

But we're the gray-haired "laddie boys" that gave the Johnnies pain  
When they tried to "do" our nation like the Spaniards did the Maine.  
Yes, their fathers lit the fuses that blew up the magazines,  
Which knocked "Confederation" into crazy smithereens.

We're the ones who saved the banner that is floating on the breeze,  
And shaking out Old Glory over all the lands and seas.  
The Union Jack, the Stripes and Stars, the twins of victory,  
Are waving from the flag-ship of the Universe to-day.

Well, Comrade, times have changed somewhat, and now they say that Lee, And Wheeler, too, are Yankees just as "We-un" used to be.  
Well, don't go crazy over that, and don't "You All" forget,  
That they are men of honor—paying interest on their debt.

I honor Joe, I honor Lee, I honor Schafter, too,  
I honor every epaulette that decorates the blue.  
God bless the living heroes and God bless the men who died;  
The men who've knocked the wind all out of old Castilian pride.

Down in that great explosion which sank the noble Maine  
Was a governmental mule that kicked the "valer" out of Spain.  
Well, she got kicked because her "Honor" was a monumental fool  
For smelling round the splinters of your Uncle Samuel's mule.

Now don't you hear the echoes, Boys, of the days of Sixty-one?  
And don't you see the grandeur which your valiant deeds have won?  
A nation that is great enough to grapple with the world,  
And make it feel that God is King with banners all unfurled.

Then "Blow the Grand Old Bugle, Boys, and add the new refrain:  
The first word is "Remember"—the final word is Spain.  
Well, say just what you please old boys and call it what you may,  
For the valor of two armies nerve our heroes' hearts today.

El Morro's guns are silent now—Havana bows her head;  
Triumphal hosts march through her streets with military tread;  
"Confederates" in serried ranks—and heroes from the sea;  
And at their head with flashing blade rides gallant Fitz Hugh Lee.

At the conclusion of Dr. Ford's address, Rev. J. M. Baxter read President Lincoln's famous Gettysburg speech.

At the conclusion of the program the column reformed and marched to the cemeteries where the graves of deceased comrades were strewn with flowers, one of the most beautiful features of Memorial Day.

The following items taken from the Register of Neodesha, Kan., of May 26 will be of interest to many people in Driftwood and Brownstown townships: 'E. H. Hays, of LaFontaine, was in Neodesha Sunday. He was on his way home from Brownstown, Indiana, whither he had been called the week before by the death of his son, Walter, which occurred Sunday May 14 of spinal meningitis. Walter went back last fall to this, his old home, and was taken and carried away with the dread-d disease.

"The barn on the property recently purchased by Amos Cryderman and used by him was burned with its contents Monday.

It was under such headway when discovered that by the time our excellent volunteer firemen reached the scene the barn was virtually destroyed. The contents consisted of three saddles, three sets of harness, two horses, about sixty bushels of corn and one and one-half tons of hay, valued at \$500. The insurance on building was \$200. This loss is quite serious to Mr. Cryderman. With true Kansas grit he faces his loss manfully and is pushing his business with renewed vigor.

Mr. Cryderman is a son of Valentine Cryderman formerly of Vallonia. He moved to Kansas many years ago and entered a farm near the present town of LaFontaine. He and his wife now live with their son Amos who is engaged in the butcher business at Neodesha.

# Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by C. W. Milhous.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles."

Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises, and burns, for which, for which it is unequalled. For sale by C. W. Milhous.

Decoration Exercises at Brownstown.

This afternoon at 1 o'clock the decoration exercises begun by the assembly of the G. A. R., K. of C. and I. O. O. F. in the Court House yard. Capt. D. B. Vance was marshal of the day and with the assistance of the captains of the different orders formed the following line: The 6th Regiment Band followed by Company "Q" composed of about thirty of the boys, aged from eleven to sixteen, the G. A. R. Post, the I. O. O. F. and the K. of P., and marched to the new cemetery where the Grand Army gave their exercises followed by the I. O. O. F. Lodge in their exercises, after which the K. of P. decorated the graves of their departed brothers. This was the first time in which all the orders of the town ever joined in the decoration exercises and a very large number were present and enjoyed the occasion, although a very sad one, very much. After the exercises at the graves were over the three orders formed a triangle and comrade Joel H. Matlock of Indianapolis, stepped to the center and made a very fine speech. The march was again taken up and marched to the Court yard where they were disbanded. Brownstown, May 30. \*\*

**WINE OF CARDUI**  
THE LINK THAT BINDS.  
JACKSON, TENN., NOV. 28.  
I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.  
Mrs. E. N. JOWERS.

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little one offsets a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused, by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

It has been many years since we visited the place of our nativity and many faces and scenes of childhood had almost faded from our memory, but the grand old REPUBLICAN has been passing them all before our minds' eye in one grand weekly panorama, and instead of being the deserted place that we have begun to think it, it is revived and we, in exquisite degree realize that it is the same as of old, that the old familiar places "seemingly forgot" and many of the same old friends of "old hawkeye" but alas! other boys and girls. There is not an ex-Saltcreeker in "Egypt" who loves home—and the all do—than can do without the REPUBLICAN. Long may it prosper!
